IPL Brand Campaign

Results, Concept

Overview

This 360° marketing campaign was designed for India’s biggest cricket event, the IPL. During our research in the event preparation phase, we discovered that 66% of users placing bets during IPL games were new users. To specifically attract this audience to our platform, we crafted a campaign aimed at generating buzz in the media and making our brand stand out against competitors.

This campaign was influence based and won Gold Award in PR and Marketing Brilliance Award in London 2023.

Key numbers

1.4+ million — million unique visitors on the campaign's landing page

+14K — followers on the brand's Instagram page

#6 — in Indian YOUTUBE with 5 MILLION views

x4 — business growth

136+ million — Reach from influencers

How did we do it? Read on >>>

The Big Idea

BAAZI JEET KI

Baazi, means a game or a bet. The word is commonly used in usual conversations between two friends challenging each other in a game, people taking a risk to play a game, or casually referring to a round of game. Also BAAZI is a legendary Bollywod movie from 1995.

#1 Quick Context building: It clearly indicates that we are talking about a game

#2 Quintessentially indian: It is well understood across most of the india / very indian feel to it

#3 Easy: To say and repeatable, higher recall

#4 Challenge and competition: It Evokes the spirit of Challenge

#5 Opportunity: No other competition is leveraging this space directly

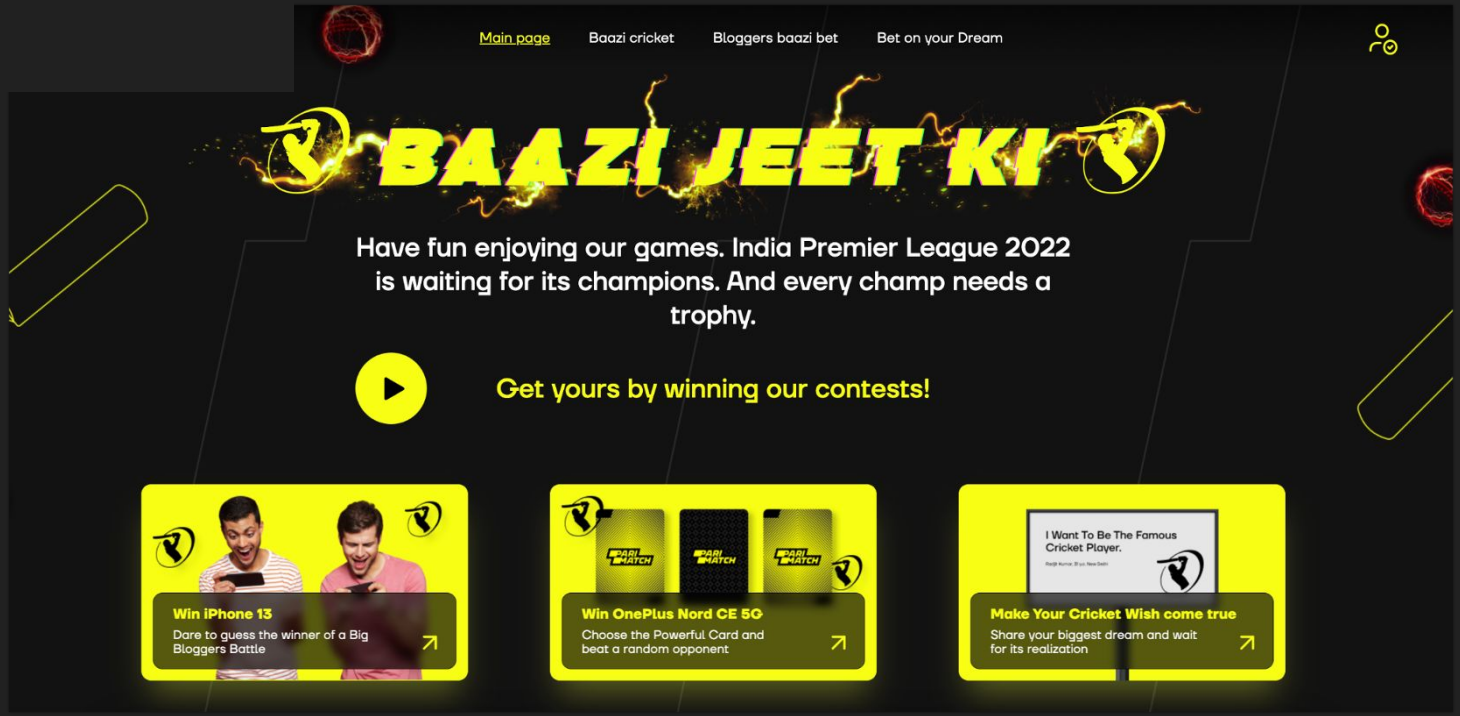
360 Ecosystem

To get the most out of the IPL season's potential, reach the maximum number of users, and deeply engage them with the brand, a 360 strategy was chosen: a mix of tools and communication channels that reached existing and potential customers wherever they were:

- Landing Page
- TV + OTT
- Sponsorships
- Ambassadors
- Online media
- Social media
- Instagram mask
- Influencers & bloggers
- Radio
- OOH
- CRM
- Affiliates

Brand Awareness Part

I created 3 activation ideas and unified them on one landing page.



Bloggers Battle

This part of activation become a hit.
We use prediction mechanic for bloggers competition.Collaborate with indian blogger, who is not about sport, but about fun and friends bets.

The idea was to create a non-traditional engagement activity to generate buzz and boost brand awareness during the IPL.

Activation Concept:
Users were invited to predict which blogger would win in five challenges, follow the brand’s Instagram account, and stand a chance to win a smartphone. The activation was innovative, allowing us to sign a contract with just one main blogger, while an additional 10 bloggers participated voluntarily, sharing our landing page (LP) with their audiences to encourage user votes.

Promotional Channels Used:

- **Landing Page**: Central hub for user engagement and voting.
- **PR Articles**: To amplify campaign reach.
- **SMM**: Leveraged brand, bloggers', and brand ambassador accounts.
- **BA Creatives**: Eye-catching visuals to support the campaign.

All collected user contacts were utilized by our CRM team for remarketing efforts, ensuring ongoing engagement beyond the campaign period. Creatives on the next slide.

BAAZI SAPNO KI
Each true cricket fan has that one big wish. To attend IPL or to lead a team like Virat Kohli — share yours and watch them come true! It's easy. Go take a chance:
I Wish I Could Watch The IPL Final In A Stadium.
Share your dream and you're halfway there!
The real billboards with cricket fans' wishes will appear all over the India to share the joy with the whole country!
1 Write your cricket wish on a virtual billboard
2 Legendary cricketer Dale Steyn will choose 3 wishes to make them true by Parimatch team
3 Make a screenshot of your virtual billboard, post it on your Instagram story, and tag @parimatch.india to raise your winning chances!
Are you excited?
Share your contact details so that we could contact you when your application wins! Good luck!

Brand Promises

As part of our brand positioning, we focused on showcasing that we are a trusted global company. Trust and loyalty in the gambling industry are generally low, so we seized every opportunity to demonstrate to our audience that we are a brand that keeps its promises.

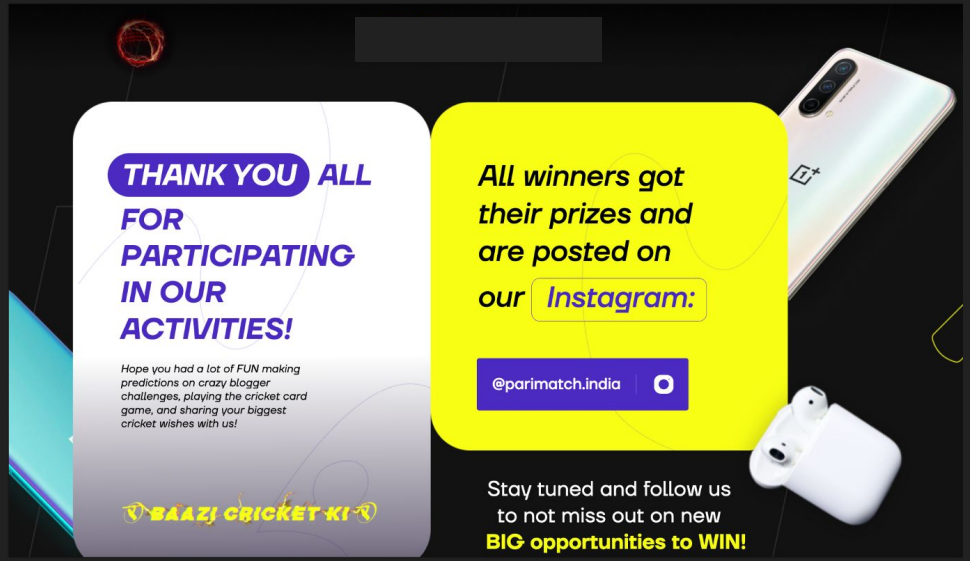
To reinforce this message, we highlighted winners' success stories and created a press release titled *“OUR BRAND NAME Makes Cricket Fans’ Dreams Come True'*. This initiative resulted in:

- **Around 100 publications** across regional and national media outlets.
- **Coverage:** Approximately **11 million** impressions.

This approach not only enhanced our credibility but also strengthened our connection with the audience.

Results

The landing page exceeded expectations, achieving **150x the KPI** by generating over **15,000% growth** in user sign-ups compared to our target. It also delivered **2.4 million impressions** and nearly **1.5 million visitors**.

During the campaign, we also grew our Instagram followers by **3x**, significantly boosting our social media presence.


To sustain engagement and capture potential users visiting the landing page later, I recommend adding a plugin. This could include links to the press release showcasing winners' success stories and a call-to-action encouraging users to join our community.
